August introduction:

Welcome to the August COF of the 2020/2021 season. As a reminder, this month is also the 2019/2020 NRL22 National Championship held at Eagle Eye Shooting Complex. NRL22 is an absolute amazing shooting sport and a great opportunity for new and seasoned shooters to compete on a level playing field. With COVID-19 still ongoing and on the rise make sure that you still adhere to your local laws and policies.

Equipment Update:

Based off of last month’s implementation of the new rules, there seemed to be a confusion on what was considered one piece of equipment. The new equipment rule will remain the same; however, the following is now added to clarify the one piece of equipment:

“A plate and single bag combination, attached or not attached, is considered 1 piece of equipment. It must be used together throughout the stage and may not exceed 9"x11"x7" together. Any piece of equipment added to a plate/bag combination is considered a second piece of equipment and is not allowed”

Section 5 C. 1. is the only rule that may be changed during the course of the season. All rule questions should be directed at each club’s Match Director. The 2020/2021 NRL22 rules can be found at NRL22 Rules.

Here is the link for the PractiScore template for this month’s COF. This template has all the stages already built for you if you don’t want to create them yourself. All you need to do is follow the instructions to the letter otherwise you risk your match results being overwritten. PractiScore Template

Now we’d like to introduce a first time COF designer and competitor, Patti Emmerling from 41 Lead Farm out of Lubbock, Texas. Thank you Patti for your COF submission.

Range requirements: This month’s COF will require the 2020/2021 NRL22 standard target package, tank trap, tire, 3 cinder blocks, and stop watch that can time down to a tenth of a second.

Safety suggestions: Weed whacker plastic string works very well for Empty Chamber Indicators (ECI). Using ECI ensures a rifle is not loaded and especially useful for Ruger 10/22’s. The stages’ starting positions were deliberately set up for safety. Ensure RO’s are very close to new shooters and kids, especially in the positional and barricade stages in case the 180 rule is broken or a transition is made without the action open or safety engaged.

Scoring submissions: Download the NRL22 Scores sheet from the downloads section on NRL22.org, fill out the results, and submit scores sheet to matches@nrl22.org, followed by payment for admin fee. Deadline for submissions is September 2nd, 2020. Keep in mind that only NRL22 members are eligible for prizes and while we have a 30-day grace period for membership, if the prizes are already distributed, it is the competitor’s loss. The live Facebook show for prizes will happen on September 9th, 2020.
